Victory

Build your
group's spirit

Why do mazes work?

Bringing your group to Stony Hill is more than just an adventure in a cornfield. Groups respond to the maze in many different ways. The most powerful response comes from the "shared victory" they experience.

Why are our mazes special?

The mazes here at Stony Hill aren't typical cornfield mazes. They're educational and interactive. We have teamed with Maize Quest to bring our customers a professionally designed maze with a creative new theme every year. As visitors explore the maze, they answer theme related questions. Our maze promotes teamwork and helps your students get to know each other as well as become educated on various subjects.

Do you have a group that should work more like a team?

Would you like to break your group members of their stereotyped roles and cliques? Can you picture working with a classroom of students that has practiced working as a team to solve problems? In what other areas of interaction could your group use these skills? Mazes are a great

immersion tool to promote communication and different positive messages to a large group.

At Stony Hill, parents, teachers, kids, leaders, and followers explore much more than a maze and find much more than "the exit".

What's included with admission?

10 acre corn maze, mini maze, rope maze, tile maze, miner max maze, children's play area.

Other Options:

- Gemstone Mining
- Hayride

GIANT CORN MAZE

The original maze! Get ready to explore 10 acres of corn while answering questions on your game sheet along the way. Find the way out through trails that form the faces of those running for NJ Governor.

MINI CORN MAZE

Our smallest cornfield maze is made for younger visitors and is less challenging than the 10 acre maze.

TILE MAZE

The tile maze uses just 270 16 inch tiles, but here's the catch- you can only make right turns!

ROPE MAZE

Over 1,600 feet of nautical rope form a path that leads to giant farm bell. Kids ring the bell and shout "Ahoy" when they master the maze.

CHILDREN'S PLAY AREA

Our children's play area consists of a giant Noah's Ark. This 35 foot long wooden ark features ladders, slides, and a top deck lookout. The area is surrounded by picnic tables where you can enjoy a snack from our farm store. Our newest addition is a large wooden tractor with a wagon and a slide.

GEMSTONE MINING

Grab a bag of soil and mine for real gemstones in a authentic flowing water mining sluice. Bags are \$4.99 for a small and \$6.99 for a large (+tax).
