### HAYRIDE WITH SMALL PUMPKIN

A tractor-pulled hayride through our fields ends in the pumpkin patch where you can pick the perfect small pumpkin. We give you bags to carry your pumpkin home in, but we do suggest bringing a way of identifying each students pumpkins (labels, marker)

### MINI CORN MAZE, TILE & ROPE MAZE

We have three mini mazes for your students to explore. Our smallest cornfield maze is a maze with an interactive game inside. We also have a rope maze and the challenging tile maze. The tile maze uses just 270 16 inch tiles, but here's the catch-you can only make right turns! Each maze takes around 20 minutes to complete.

### BARNYARD BOARDGAME

It's like a giant Candyland where you are the game piece! Big, bright and colorful, it's fun for all. Everyone knows

Candyland, now you can play it life-sized on the farm!

### CHILDREN'S PLAY AREA

Our children's play area consists of a giant Noah's Ark. This 35 foot long wooden ark features ladders, slides, and a top deck lookout.

### GEMSTONE MINING

Children take their mining rough to our sluice to find their hidden gemstones, and get to keep what they find! \$6 for a small bag or \$8 for a large bag

### GIANT 10 ACRE MAZE

Our 10 acre maze is designed for students middle school age and up. Students must find answers to theme based educations questions hidden in the maze. Maze takes approximately 1.5 hours.

### CIDER & DONUT

Locally made cider and our own fresh donuts are a great way to finish or start your visit on our farm! Students take home their very own apple souvenir cup. \*our facility is not allergy free\*

### WHY OUR MAZES ARE SPECIAL

The mazes here at Stony Hill aren't typical cornfield mazes. They're educational and interactive. We have teamed with Maize Quest to bring our customers a professionally designed maze with a different theme every year. As visitors explore the maze, they answer theme related questions as they walk through the stalks. Our maze promotes teamwork and can help your students get to know each other as well as become educated on various subjects. All our mazes meet the following Core Curriculum Standards in Health & Physical Education:

2.5.2.C.2

2.5.4.C.2

2.5.6.C.2
